- Painting
- Sculpting
- Snowboarding
- Yoga

*After high school in 1997 I stopped in Portland, OR before moving to Los Angeles, then Europe. While there I studied in France under a classical artist. I met my wife in 2000 here in Madison and we had our first baby in late 2008. Before I started taking classes at MATC I was a Daycare Teacher, Waiter, Land Surveyor, Car Dealer, and a Construction Worker. Currently I am looking for professional design experience.*
