

Brittney S. Scharine

1602 Fordem Avenue • Madison, WI 53704

Cell phone: (608) 289-9126

Email: brittney_shja@yahoo.com

Position Desired

Full time assistant and/or first or second shooter.

Skills

- Communications** Able to communicate clearly to customers and/or talent. Good with giving direction and instruction. Works well with all ages. Comfortable around large and small groups.
- Interpersonal** Gets along with all coworkers and higher up management. Has received positive feedback from previous employers regarding customer services and work ethic. Can offer my knowledge and skills regarding selling and marketing techniques as well as Adobe Photoshop CS3 and other Adobe related programs.
- Flexible** Always up for learning new things and expanding my knowledge of the specified subject. Open availability seven days a week.
- Attention to Detail** Work is done on time and efficiently. The quality of my work is always to the best of my ability and is open to critiques. Pays close attention to customer's wants and wishes.
- Hardworking** Photographer/ photo editor of my high school's yearbook. Have worked 40 or more hours a week on top of going to school full time. Have maintained a 4.0 GPA for the last four semesters of college. Able to touch up, batch process, edit, and organize photographs using Adobe Photoshop and Bridge. Willing to photograph as well as do any post production needed.
- Customer Contacts** Have worked in retail services for the last four years and have great deal of experience with customers. Experience with children, some with photographing them. Very good with people and giving direction. Student volunteer with the Wisconsin Professional Photographers Association for the last two years. Have photographed senior portraits as well as family portraits.
- Reliable** On time, if not early. Have been trusted with cash deposits and other management responsibilities. Gets the job done and on time.

Education

Graduate from Whitewater High School in 2005. Took regular black and white, 35mm film processing Photography class along with Advance Digital Photography dealing with Adobe Photoshop 7. Graduate of Madison Area Technical College, spring of 2009, with an Associates Degree in Photography. MATC is considered mainly a commercial photography program but also instructs students on portrait, photo journalism, and architectural photography.
