SEPT 2003 Head Waitress
 North Bristol Sportsmans Club

CAPABILITIES

Photoshop
Illustrator
InDesign
QuarkXpress
HTML/XHTML
CSS

I am an intelligent and dedicated individual who is capable of anything I put my mind to. I have done some freelance design work for local bands, weddings and charities, though I have not worked in the designer's atmosphere. I presently work with both companies listed, but I am excited to dive into the world of the designer! I work with people on a daily basis and love to do so. I definitely work well under pressure because I am organized and love a challenge. I have expert skills in Photoshop, Illustrator, and InDesign programs. I am a bit of a novice when it comes to web designing, but I am curious and enthusiastic in gaining more knowledge of the web. I am a quick learner and also an exceptional leader. You can count on my loyalty, honesty, and ambition. I dream to do great things.
